# RETURN TO HOCKEY

## MEMBER PLAN

# Introduction

BC Hockey Members are focused on reviewing and applying the guidelines within the primary resources outlined in this section to create their Association 'Return to Hockey' plans. BC Hockey has created this document to serve as tool to assist Members in the formation of these plans with the understanding that aspects of each plan may be unique from Member to Member. There is also an understanding that these plans are fluid and must be adaptable to updates provided by the health authority, sport sector or national sport organization (Hockey Canada).

Also, facility guidelines may need to be evaluated during each phase and updated:

## Emergency Action Plan – Emergency Safety Kit

It is important to include COVID – 19 protocols within every program or team Emergency Action Plan (EAP). It is valuable to provide coaches, managers and HCSP volunteers with resources to assist in the construction of each team's EAP. Your MHA 'Return to Hockey' plan should also include COVID – 19 specific resources within all team emergency safety kits to ensure that HCSP and team officials are prepared to deal with a health crisis. # Member 'Return to Hockey' Plan (Template)

Below is viaSport's Return to Sport Activity Chart. 'Return to Hockey' plans should comply with these guidelines. Member plans should outline how it aligns with the activity chart for each phase. Particular attention should be paid to Phases 2 & 3 before any hockey programming begins. These plans may require updates as new resources are made available. Therefore, plans should be regularly reviewed and updated to reflect any changes.
